19th August 2021 @ 7pm at the School
Contact 5683 2271 for more information.
RSVP essential.

Learning, playing and growing together at Fishy Primary School

Fish Creek & District Primary School is a great place for your child to learn in a welcoming and friendly environment. Our School prides itself on our values of Respect, Fairness & Commitment. We encourage our students to live by these values and we foster an environment that leads to students reaching their full potential.

Enrolment Packs are available at the Kinder and the School Office.

School Tours

Due to Covid restrictions constantly changing, please contact the School to enquire about a School Tour on 03 5683 2271. If restrictions don't allow us to hold the Information Night at the School, it will be held via Zoom. Further details will be provided if this occurs. During terms 3 and 4 our junior school teachers will visit the Kinder to help ensure that all students have a great transition to our school. We are hopeful that all Kinder students will be able to visit our School later for our First Forward transition program later in the year depending on future restrictions.
